A bit about our bread... Have you heard of *Loafley Bakery & Deli co.*? It's our sister business on Upper Frog Street. We're proud to say that all the bread served at The Mooring is made there. We don't add any unnatural raising agents or chemicals to our dough which means it not only has a delicious flavour, it has a proper crust, too. No two slices are the same – just the way we like it!

PLEASE NOTE: The mayonnaise we serve is made on the premises and contains raw, British Lion Quality, free-range eggs. This mayonnaise is also used in our coleslaw. Parmesan can be removed from our meat-free dishes to make them suitable for vegetarians. We will do our very best to accommodate any specific dietary requirements or intolerances. Gluten free bread is available. For allergy advice please ask.
